

HEY TEENS! Did You Know?

Anything you say about sex, drugs, and feelings is **CONFIDENTIAL** unless you give me permission to share it.

“What we *Say* here...
...*stays* here.”

But, if you tell me:

- You are being abused (physically and/or sexually)
- You are going to hurt yourself or someone else
- You are under 14 and having sex with someone 14 years or older
- You are under 16 and having sex with someone 21 years or older

I must contact someone to help.

“**Talk**
(I'll listen.)
to me!”
